

2024 YEAR 12 SUCCESS

Freedom · Justice · Sincerity · Verity · Felicity

We are delighted to share the remarkable achievements of our 2024 Year 12 students. Their outstanding SACE results are a direct reflection of their hard work, perseverance, and the strong foundation of support they have received throughout their time at the College. These results not only highlight their academic excellence but also their commitment to contributing positively to the life of the College community.

The success of our 2024 cohort is a testament to the expertise and dedication of our exceptional teaching staff, from the Early Learning Centre through to Year 12, as well as the invaluable support provided by our staff across all areas. The commitment of our educators, who continually strive to inspire, challenge, guide, and care for our students, has been pivotal in enabling them to achieve their best.

Our inclusive approach to education, where academic success is balanced with a focus on wellbeing, has provided a strong foundation for students to thrive both intellectually and personally. By fostering a nurturing environment, we ensure that our students are not only equipped for academic success but also for the challenges they will face in their future lives.

We also deeply value the important partnership between the College and our families. Together, we work hand in hand to nurture the growth of each student, empowering them to reach their full potential. Congratulations to the Class of 2024- thank you for the contribution you have made to the College throughout your time here. Thank you also to our families for your ongoing trust and support.
